

STEM @ St John's

STEM Showcase Day 2017

Dear Parents

During Term 3 students were given a Take Home Challenge to complete. Seniors (Years 3-6) were asked to design a toy that could move. Juniors (Kinder – Year 2) had the challenge of capturing the spider that was annoying Miss Muffett. Students (and parents) had to tap in to their creativity and hone in on their design skills for this challenge.

The results were outstanding. Problem solving skills were in action and the scope of imagination to fix the problem was truly impressive.

As part of our STEM Grant we are required to give feedback from students. We are asking if you would take the time to chat with your child about the take home challenge as well as the STEM experience at school and email us with their comments. We would appreciate your child's feedback.

Kind regards

Mrs Louise Kotzur & Mrs Therese Schmidt

STEM Showcase Day 2017

Student Feedback Form

Child's Name.....

Class.....

1. What has been the most enjoyable part/s of the STEM lessons?
2. What did you learn during the STEM Challenge?
3. What worked well?
4. What were the challenges?
5. What do you think could have been improved?
6. What ideas do you have for next time?
7. Did you join in with the lunch time C.I.D's Club (Create, Innovate, Design)
8. What would be the steps that you would now use to solve a design problem?
9. Do you think that the STEM activities added to my child's knowledge, skills and abilities to create and innovate?

Thank you for taking the time to discuss this with your child and filling out this feedback form.

Kind regards

Mrs Louise Kotzur & Mrs Therese Schmidt
